

HEATHERDALE AUTOMOTIVE

To our valued customers,

Like all businesses, we are closely monitoring the situation surrounding COVID-19 and wanted to give you the assurance that we are doing all we can to keep our customers and team safe, as well as play our role in preventing the spread.

As a member of the VACC, we are being kept UpToDate with the most recent information available regarding this matter, this includes following the advice of the Australian Government and their recommendations for minimising the spread of this virus.

Over the past few weeks, we have taken a range of precautionary measures across our stores including:

- Regular cleaning and sanitising of workplace including reception area, waiting room, bathroom and lunchroom
- Disinfecting vehicles on pickup and delivery including wiping down of all contact points such as steering wheel, door handles, door switches, seats, infotainment, gear shift lever to name just a few
- Cleaning car keys with disinfectant prior to handing back to our customers
- Use of seat and floor covers
- Asking any team members displaying flu like symptoms or feeling unwell to refrain from coming to work.

We will continue to monitor the situation closely and act quickly on the advice of health authorities. Rest assured; we are doing everything we can to ensure minimal impacts to our customers.

Thank you for your patience and for continuing to support our family owned – local business.
